

Sharpdesk® Mobile for Windows®

Print. Scan. Share.

Embrace Bring Your Own Device (BYOD) with Secure and Productive Mobile Printing and Scanning

Sharpdesk Mobile for Windows is a powerful, cutting edge mobile printing and scanning application that allows users to securely connect to supported Sharp MFPs and printers via a wireless network from Windows devices. Along with Sharpdesk Mobile for iOS® and Android™ devices, you can provide consistent mobile printing and scanning experience across the organization.

Hassle-free Printing

No print driver is required. One application to access your fleet of Sharp printers helps maximize productivity of mobile users. Quickly discover available printers, select a document, preview and print directly to a supported Sharp MFP from your Windows devices.

Simplified Document Capture

Capture hard-copy documents to your Windows 8 or Windows RT devices in PDF format by simply scanning the document from a Sharp MFP. Once the document is captured, you have an option to share the document via an E-mail or any other installed Windows Store applications.

Seamless Collaboration with Other Windows Store Applications

Sharpdesk Mobile allows seamless file management and sharing with other applications. Users can share stored files via E-mail, or send documents with other applications or print from other applications with a simple swipe and tap.

Uncompromised Security

Sharpdesk Mobile is designed to help corporate IT minimize security risks while providing optimum productivity for users. Through security features including user authentication, IT can minimize unwanted access to corporate network resources, while embracing BYOD.

At-A-Glance

Print

- No driver installations
- Print documents from your Windows devices
- Print files from other applications
- Print web pages and E-mails

Scan

- Scan and save files from supported MFPs to your mobile device
- Quickly E-mail scanned files from your mobile device
- Share scanned files with other Applications

Manage

- Store scanned or received files
- Manage documents in folders and sub-folders

Share

- Send scanned files to other installed Windows Store apps
- Print files from installed Windows Store apps

Security and Setups

- User authentication for improved security
- Automatic printer discovery
- Manually add a supported Sharp MFP
